

# Be Ready

## Earthquake and Survival Products

Susan Trant    Phone: 949-291-6715    Email: Bereadykits @cox.net    Website: 2BeReady.com

This list is for putting together a very complete Home Kit for yourself. All products need to be placed in a garbage can or large container located near a doorway in the garage or side of a house so if the house is injured you can still get to it. Do not place this on a shelf or upstairs where you may not be able to get to it. Any questions don't hesitate to call. This kit can be custom ordered to your liking by phone.

### Home Kit List:
